NATION2NATION
FORUM DISCUSSING
THE REALITY OF

NATION2NATION (N2N) COMMUNITY SESSIONS

Dear Sponsor,

The N2N team is happy to welcome you back to in-person gatherings with a series of Community Sessions in Northwest, BC. Normally we would be seeing you this Fall in Terrace, BC for our annual Fall Forum. This year we would like to ease back into smaller roundtable discussions throughout the Northwest.

We will be focusing on hosting the N2N Community Sessions in Northwest, BC over the Fall months of September & October 2022.

Since 2020 we have seen many discussions around Indigenous rights and economic reconciliation. More than ever, First Nation leaders are taking control over their economic futures by partnering with industry and government to develop Indigenous-led projects that align with their social, environmental, community and cultural objectives.

Major projects continue to prompt public dialogue regarding 'duty to consult', 'best practices', and 'celebrating success stories' in industry and First Nations partnerships.

As First Nations in the Northwest continue to seek opportunities for business development and job creation within their communities, it is vital that we continue to come together and have conversations Nation to Nation, Nation to Government and Nation to Industry, to share their visions for continued economic development and diversification, for the shared prosperity of all.

In order to deliver this year's series of Community Sessions, we ask for your commitment and sponsorship for the support of our vision, which is to continue the conversation between First Nations, Industry, and Government, that will foster the growth and vibrancy within our Communities.

Please contact me to discuss sponsorship opportunities, and thank you for your continued interest and support of this important initiative.

Kind Regards,
Lisa Mueller
